A QUESTION ABOUT Brown's Iron Bitters ANSWERED.

The question has probably asked thousands of times—"Is Brown's Iron Bitters good for everything?" Well, it does. But it does cure any disease for which a reputable physician would prescribe iron. Physicians recognize it as the best restorative agent known to the profession. It is the product of any leading manufacturer, and will substitute the assurance that there are more preparations of iron than of any other substance used in medicine. This shows conclusively that iron is acknowledged to be the most important element in all medical practice. It is, however, a remarkable fact, that prior to the discovery of BROWN'S IRON BITTERS no perfectly satisfactory iron combination had ever been found.

BROWN'S IRON BITTERS, however, relieves toothache, headache, or produces constipation—all other iron medicines do. BROWN'S IRON BITTERS cures Indigestion, Biliousness, Weakness, Dyspepsia, Malaria, Chills and Fevers, Tired Feeling, General Debility, Pain in the Side, Back or Limbs, Headache and Neuralgia—for all these ailments Iron is prescribed daily.

BROWN'S IRON BITTERS, however, does not cure in a minute. Like all other thorough medicines, it acts slowly. When taken by men the first symptom of benefit is renewed energy. The muscles then become limber, the digestion improves, the bowels are active. In women the effects are similar, but not so marked. The eyes begin at once to brighten; the skin comes up; healthy color comes to the cheeks; nervousness disappears; functional derangements become regularized; the appetite, motion, abundant sustenance is supplied for the child. Remember, Brown's Iron Bitters is the ONLY iron medicine that is not injurious. *Physicians and Druggists recommend it.*

WASHINGTON DISPATCHES

RAILROADS ARE TO BE ALLOWED TO MAKE SPECIAL RATES.

**A Decision That Will Probably Be Made
By the Interstate Commerce Commissioners—How the Law Was Framed.
Land Recommendation—Other News.**

WASHINGTON, June 4.—There are good reasons for believing that the interstate commerce commission will interpret the law under which it operates as permitting the making of special rates by road, under special circumstances. The law as framed in the house was rigid, absolutely prohibiting rates not proportioned to distance, but when it got into the senate the words "under substantially similar circumstances and conditions" were inserted.

There is good reason to believe that the commission will interpret this to mean that the "circumstances and conditions" at competing points, especially where there is water competition and perhaps too in the south where product is of a bulky nature and small quantities as compared with that of grain producing states, "not substantially similar," and under this ruling the long and short haul clause will not be rigidly enforced. It is not probable that any class of cases at places can be named in which the "circumstances and conditions" will be considered as "not substantially similar," but there is good reason for the belief that where roads make different rates at competing points from those charged for other places, basing their action upon this clause of the law, they will be sustained in reasonable reductions at such competing points, especially where this competition is water transportation, which is not controlled in regard to rates by interstate commerce law.

A Pension Fraud.

WASHINGTON, June 4.—Dispatches from Wilkesbarre, Pa., announce the arrest of Jeremiah Travis, who, under the name of F. A. Raburn, has been defrauding old soldiers through Pennsylvania, Ohio, Indiana and Illinois by representing himself as special examiner of the pension office and getting large fees for examinations.

Five Thousand Acres of Michigan Land.

WASHINGTON, June 4.—The commissioner of the general land office has recommended that suit be brought against the state of Michigan, to cancel patents to 5,000 acres of land in Bois Blanc Island, on the ground that the land was in reservation and not subject to patent.

Not to Take the Extended Trip.

WASHINGTON, June 4.—Postmaster General Vilas said to-day that he had no intention that the president contemplated an extended western tour, and was of the opinion that he had no such intention.

Will Not Accept.

WASHINGTON, June 4.—Rev. John S. Lindsey, rector of St. John's Episcopal church, Georgetown, who was elected bishop of the diocese of Easton, Md., has determined not to accept the honor.

Another Visitor Appointed.

WASHINGTON, June 4.—Professor Sumner of Yale, has been appointed to complete the board of official visitors to the Naval academy at Annapolis.

He Had Plenty of Time.

SAVANNAH, Ga., June 4.—Lawyer Clifton, it has been discovered, did not arrive in Reidsville in the nick of time to save the life of Jacob Leggett, for whom he had a reprieve. He says that although he reached the place before sunrise he took no steps to prevent the execution of prisoners, but in this he was actuated by no frivolous desire to appear in a dramatic attitude. The reprieve had been asked and granted on the ground of the man's insanity. He thought it would be a fair way to test his sanity to allow the proceedings to go on, so that full scope would be afforded for the observation of Leggett's conduct under this critical test. At the same time he had so arranged matters that there was no danger of the hanging of Leggett.

Wanted to Plead Guilty.

BROOKLYN, N. Y., June 4.—Augustus and Townsend Johnson, who confessed to the firing of Palmer's cooperage on Saturday night last, were anxious to plead guilty to that crime to-day, but District Attorney Ridgeway secured a postponement of their case, in order that the men may be tried for the murder of Watchman Delry, whose body was found in the ruins of the cooperage. The penalty for the grosser crime is hanging.

Sunday Trains Stopped.

HARTFORD, Conn., June 4.—The railroad commissioners have issued their edict forbidding the Sunday morning newspaper train in this state. This order will also cut off the delivery of New York papers in Massachusetts. The law was passed at the last session of the legislature and allows only the running of mail trains and trains for public necessity.

A Farmer's Crime.

BATTLEBORO, Vt., June 4.—Revilo Howard, aged fifty-five, a well known Jamaican farmer, having sent his wife on an errand, loaded his rifle and on her return discharged it at her, the ball passing through her head and lung. The cause of the shooting is attributed by the neighbors to insanity. Mrs. Howard, it is thought, is fatally wounded.

A Double Tracked L.

HARRISBURG, Pa., June 4.—A charter was granted to day to the Consolidated Transit company of Philadelphia, with a capital stock of \$5,000,000. The object of the company is to build a double tracked elevated railroad of about twenty-six miles in length through the streets of Philadelphia.

Wants Heavy Damages.

PROVIDENCE, R. I., June 4.—Mine Januschek has begun an action in the United States court against Henry Bull, Jr., of Newport, for the recovery of \$20,000 damages for injuries sustained by falling at the hotel of the defendant.

Jack Prater's Neck Saved.

COLUMBIA, S. C., June 4.—Jack Prater, the murderer of Andrew Jackson, who was sentenced to be hung at Orangeburg to-day, has been respite.

CAILS FOR THE POLICE.

O'Dynamite Ross Believes His Life to Be
in Danger.

NEW YORK, June 4—O'Donovan Rossa called on Superintendent Murray at police headquarters yesterday to ask for police protection and for some time to come. If any British spies or even his whilom brethren of the Fenian council want to do him any harm they will have to be bly about it.

Rossa said last night: "I have recently received letters from England stating that an old antagonist of mine in the Brotherhood was hand and glove with a recent arrival from England in a ripe scheme to get me out of the way. I made up my mind that these two men were no better than Jim McDermott, that woman Dudley or Capt. Phelan, and that I must go down even if they had to assassinate me. I don't fear anything, but it was just as well that Mr. Murray should know what I believe to be true as regards their intentions toward me. I know that my antagonist visited Dick Short in the hospital, and got him to sign papers making me in debt to Short, when the fact is that I have got Short's receipts for all claims against me. It is these money matters that have started the last trouble."

Tony Mullane Goes East.

CINCINNATI, June 4.—Tony Mullane, the refractory pitcher of the home base ball team, met President Stern of the home management, this morning, and they failed to harmonize. He at once packed his gripsick with armor and a few boiled shirts, and started for Rutland, Vt., where he will pitch for a local club unknown to fame at \$200 per month. The club is not a party to the National agreement, and therefore Tony breaks no contract and hurts nobody's feelings by his decisive step. He is still held in reserve, of course, by the home club.

Four Victims Now Claimed.

Louisville, Ky., June 4.—Later reports from Eckert, Ind., where the Davis boys were lynched for abducting and brutally assaulting Miss Flannigan, say that William Kellam, father-in-law of one of the Davis boys, was lynched at the same time. It is also reported that the mob went to the home of Mrs. Enlow, the mother of the Davis boys, and dragged away Andrew Enlow, a younger son of the old woman. His body has not been found and the lynchers will not tell what has been done with him. Miss Flannigan is recovering.

The Saloon Question at Council Bluffs.

COUNCIL BLUFFS, Iowa, June 4.—All the hotel keepers in the city have been summoned to show why injunctions should not be granted against them. All the owners of property where enjoined saloons are still running are being arrested and placed under bonds of \$700 each to appear in the district court for contempt. Several saloon keepers are closing up. The petitions for injunctions include all saloons, wholesale houses among them that they must all go.

The World Will Move.

NEW YORK, June 4.—Joseph Pulitzer, editor of the World, has bought the property at No. 11 Park Row and Nos. 5, 6 and 11 Ann street, for \$150,000. It is his intention, if he can get other suitable property in Park Row and Ann street, to erect a large building for the World, but no definite plans have been formed. The building now occupied by the World belongs to Jay Gould, and Mr. Pulitzer's lease expires in three years.

The World Will Move.

NEW YORK, June 4.—La France says the police authorities are keeping from the public the actual number of deaths resulting from the Opera Comique fire. Many bodies, it says, have been taken from the ruins at various times and removed to the morgue unknown to the people. La France estimates the real number of lives lost by the fire at more than 200. Madame Blondel, a lady who was in the theatre when the fire broke out, has just died from the effects of nervous fright experienced in her escape from the burning building.

The Bodyke Evictions.

DUBLIN, June 4.—Excitement runs very high at Bodyke, where the work of evicting tenants is going on. The sheriff, protected by his guard of 600 police, turned the families out of two shanties this morning. The peasants are using every means in their power to frustrate the efforts of the evicting party. They burned cayenne pepper and threw boiling water over their assailants, and made decided stands. Frequent fracases between the people and the police took place and a number of arrests were made.

Strikes Not Settled.

BRUSSELS, June 4.—The strikes which were considered as nearly settled, since most of the mines and iron mills have started up, have broken forth again, 4,000 miners in the Bonnac district striking. No disturbances are reported, and everything is peaceful. This new strike is undoubtedly the outcome of the passage of the import bill.

Parnell Improved.

LONDON, June 4.—Mr. Parnell has returned to London much improved by his short sojourn at the seaside. He has summoned a meeting of his party for Monday to discuss further amendments to the coercion bill.

Royal Party Welcomed.

BERLIN, June 4.—Emperor William, accompanied by Prince William and Prince Leopold have arrived at Kiel and were welcomed with the greatest enthusiasm.

To Meet at Gastein.

LONDON, June 4.—The Standard's correspondent at Vienna asserts that Emperor Francis Joseph and Emperor William are certain to meet at Gastein this year.

Rouvier Supported.

PARIS, June 4.—The deputies supported Rouvier on the military bill by a vote of 446 to 60.

Bishop Elected.

CHESTERTOWN, Md., June 4.—Rev. John S. Lindsay, of Washington, having declined the bishopric of the eastern diocese of the Protestant Episcopal church, the convocation late last night elected Right Rev. William F. Adam, D. D., late missionary bishop of New Mexico, now rector of a parish at Vicksburg, Miss., to fill the vacancy.

Double Domestic Tragedy.

PHILADELPHIA, June 4.—Robert G. Hall, aged thirty-four years, this morning shot and killed his wife, Fannie, aged thirty years, at their home, No. 938 North Fifth street, and then cut his throat with a razor, seriously injuring himself. He was taken to the German hospital.

Police Captain to Be Tried.

NEW YORK, June 4.—Capt. Williams, of the Nineteenth precinct, will be placed on trial before the police commissioners on charges preferred by the Rev. Howard Crosley and others, to the effect that he permits gambling and licentiousness in his precinct.

Policeman Accidentally Kills Himself.

NEW YORK, June 4.—Policeman John J. Robb, of the Twenty-second precinct, accidentally shot himself this morning while undressing at his home. The ball entered the left breast near the heart and the wound is necessarily fatal.

The Fortune Sails.

MARBLEHEAD, Mass., June 4.—The yacht fortune sailed on her trans-atlantic trip at 12:30 o'clock to-day.

THE THISTLE'S CHANCES.

THE BOAT THAT IS EXPECTED TO WIN THE AMERICA CUP.

Undoubtedly the Fastest English Yacht
Afloat, But Not a Sure Winner on This
Side of the Waters—Victims of the Thea-
ter Horror—Other Foreign News.

LONDON, June 4.—The Evening Globe, an authority in sporting matters, says of the Thistle's performance in yesterday's yacht race: There can be no longer a question that the new Scotch cutter is exceptionally fast, both in running and beating to windward. Another merit of great weight is that one sort of weather appears to suit her well.

Ross said last night: "I have recently received letters from England stating that an old antagonist of mine in the Brotherhood was hand and glove with a recent arrival from England in a ripe scheme to get me out of the way. I made up my mind that these two men were no better than Jim McDermott, that woman Dudley or Capt. Phelan, and that I must go down even if they had to assassinate me. I don't fear anything, but it was just as well that Mr. Murray should know what I believe to be true as regards their intentions toward me. I know that my antagonist visited Dick Short in the hospital, and got him to sign papers making me in debt to Short, when the fact is that I have got Short's receipts for all claims against me. It is these money matters that have started the last trouble."

It may be accepted, therefore, that this latest product of the Clyde is the fastest English yacht afloat; but it would be very unsafe to assume that she must therefore win the America cup when she crosses the Atlantic. The Americans are building a clipper expressly to defend that trophy, and should this craft prove superior to the Mayflower, the Britisher will save all her work.

So far as public form goes, it tells rather in favor of our opponents. The Puritan, it will be remembered, beat the Genesta handsomely. The Mayflower beat the Puritan. Since, therefore, the Genesta has been able to make something of a fight with the Thistle, the latter's form does not work out much, if at all, better than that of the Mayflower. It follows, subsequently, that if the new American sloops faster than the Mayflower, she ought to be able to hold her own against the Thistle.

Belgium's Future King of Age.

BRUSSELS, June 4.—Prince Baudouin attained his majority to-day, and the coming of age of the future king of Belgium is being celebrated by fetes and banquets throughout the country. At a council of state to-day King Leopold formally proclaimed him heir to the throne of Belgium, with the title of Duke of Brabant. Official announcement was also made of the prince's betrothal to Princess Matilda, eldest daughter of Prince George, Duke of Saxony. Prince Baudouin is the eldest son of the Count of Flanders and nephew of King Leopold.

The Opera House Victims.

PARIS, June 4.—La France says the police authorities are keeping from the public the actual number of deaths resulting from the Opera Comique fire. Many bodies, it says, have been taken from the ruins at various times and removed to the morgue unknown to the people. La France estimates the real number of lives lost by the fire at more than 200. Madame Blondel, a lady who was in the theatre when the fire broke out, has just died from the effects of nervous fright experienced among them that they must all go.

Fire Chief Indicted.

BROOKLYN, June 4.—Fire Chief Nevins has given \$5,000 bonds to answer to the indictment of grand larceny, brought in against him yesterday by the grand jury. The indictment charges Nevins with having obtained through false pretenses the sum of \$33.25 from Henry W. Cope, representing the Citizens' Electric Light company. Nevins, it is charged, told Cope that the money was necessary to procure a charter for the company. The chief says he will be able to disprove the charges. Mr. Nevins has been connected with the fire department for more than twenty years, and has been the executive head of the force for over twelve years. So far he has been the only sufferer by the legislative inquiry of the Bacon committee, and his indictment for grand larceny has caused some excitement in Brooklyn.

The Cathedral Panic.

CHIHUAHUA, Mex., June 4.—Great consternation prevails in the city on account of the panic of Wednesday in the cathedral in which three children and two women were killed, and sixty persons injured. That such a calamity could occur is astounding, as the cathedral is a massive stone structure with three broad exits and no chairs or benches to impede egress. The building is absolutely fire proof, built with the view of answering the purpose of a fortification in time of need. An altar of stone images, wooden support, candles and drapery about twenty feet high beneath the dome is the only inflammable material in the building. The fire was so insignificant that had the inmates not lost their presence of mind they could all have made their escape easily.

Parcells' Defalcation.

NEW YORK, June 4.—The local manager of Hall's Safe and Lock company said to-day that he had heard nothing definite about the defalcation of Charles B. Parcells, the company's manager at San Francisco, but he suspected that something was in the wind, as the secretary of the company had been in San Francisco for some time and had summoned the president, J. L. Hall, post haste. "But those

Republican Schemes.

The Republicans are engaged in a desperate effort this year to defeat the Democrats of Kentucky, at the August election. If they succeed in cutting down the Democratic majority to 10,000 or 15,000 votes, which they claim they will do, they will blow it abroad as a great victory. They rely on the Prohibition vote and the Labor vote to a great extent to help them out in their scheme.

But they are not relying on the Prohibition and Labor vote altogether. They know the value of money in elections. At Louisville the other night, Colonel Bradley was silent on this point, although the Democrats had just passed through an election, in which, it is charged, money had played an important part. The Commercial comments on this, and intimates that Bradley was in conference with leading Republicans from various States in Cincinnati the other day; and the suggestion is made that he had the promise of all the money required to utterly revolutionize Louisville and several other designated cities and counties. "Forewarned is forearmed," and the Democrats should make up their minds to go to the polls in August and vote.

Coal and Iron.

Governor Knott, in an address at Lexington Thursday, dwelt largely upon the undeveloped mineral wealth of Kentucky. "The combined area of the coal fields of Kentucky," said he, "is greater, in superficial extent, and in aggregate thickness of their workable beds, than those of Pennsylvania, or of Great Britain and Ireland together. That they underlie the whole part of twenty-nine counties of our State, comprising over 14,000 square miles in a territory of only forty thousand four hundred; and that throughout these vast and inexhaustible measures, containing almost every variety of coal, or in convenient proximity to them, are to be found abundant deposits of rich and valuable iron ores, from which may be produced a quality of iron, for many purposes unequaled by any other in the world."

Undoubtedly the capitalists of the country have become convinced of the great mineral wealth of our State and the next few years will see these coal and iron fields opened to the markets of the world.

THE city of Lexington has been fined \$300 for failure to keep her streets in repair.

THE personal property of Ripley is assessed at \$251,948.95 this year, an increase of \$24,000 over last year.

THE Winchester Democrat denies the report that the boom at that place has "busted." The real estate market is still firm, and there isn't a vacant dwelling or store house in the town.

COLONEL BRADLEY shouldn't have been in such a big hurry in mounting the stump. The people of the State wouldn't be laughing at his blunders now if he had fixed up his figures a little better.

THE Democratic Central Committee has divided the State into fifteen campaign districts, in order to effect a better organization, and will give a big old-fashioned barbecue in each of the districts before the election comes off.

THE German Republicans of Louisville are dissatisfied with the nomination of Mat O'Doherty for Lieutenant Governor, because he voted the Prohibition ticket once upon a time. O'Doherty admits he did such thing, but says it's nobody's business how he votes.

THE New York Star has started out to raise \$125,000 to aid in completing the Grant Monument at Riverside Park. The Star doesn't ask any one for more than \$10, but from one cent upward will be accepted. "The appeal is to all people," says the Star. "Grant was generous to the Southern soldier. The South will remember him with generosity."

THE Republicans want to "overhaul the records at Frankfort." At least that's the demand they make in their platform. And yet in the face of their platform the Louisville Republican, the organ of the party in the State, says:

We do not undertake to say that anything wrong will be found in the books at Frankfort. We have no specific charges to make, because we know of nothing upon which to base such charges, and moreover, we have a high personal regard for the accounting officers of the State, and should be surprised and shocked to find anything wrong in their books.

This demand of Republicans is all made to bamboozle the people, but the people know it and won't be caught by such clap-trap.

THOMAS & MITCHELL, of Mayslick, have been buying wool in Fleming County the past week at from 23 to 25 cents a pound.

THE caterpillars are destroying the fruit trees down in Bracken County. In some cases the foliage is said to be entirely eaten away.

THERE will be no preaching in the Presbyterian Church at Mayslick to-morrow, the pastor being absent. Sabbath school at 10 a.m.

JOSIAH CARTER, who died at Versailles, Ky., the other day, at the age of eighty-four years, left one hundred and fifteen children, grandchildren and great-grandchildren.

THE Flemingsburg Gazette says: "The silver excitement continues on the eastern border of this county. Digging for the precious metal has been progressing on the head of Kinnin."

THE written examination of the pupils of all the public schools has been going on this week. These papers will be placed before the public for inspection at the close of the schools, beginning June 13th.

ULYSES GRANT HAYDEN, of Spring Hill, Fleming County, was arrested at Flemingsburg the other day for passing counterfeit money. He was released, however, on account of his youth and a doubt as to his "guilty knowledge."

THERE will be preaching in the Presbyterian Church at Washington by the pastor, Rev. W. T. Spears, to-night at 8 o'clock, and to-morrow morning at 11 o'clock, and the sacrament of the Lord's Supper will be administered immediately after the sermon.

MISS MARY BAILY was instantly killed by lightning, at Howard's Mills, near Owingsville, Thursday. The young lady had just driven the cows from the pasture, and was preparing to milk them, when lightning struck a wagon close by, the shock killing her.

News has been received that Bill Adams was killed in a railroad accident at Newark, O., on the first of this month. Adams is the negro who raised a row at a circus here a year or so ago and struck Deputy Sheriff Chan Jefferson when that officer attempted to arrest him.

THE Maysville District Conference of the M. E. Church, South, at Nepton, this week, elected four lay delegates to the annual conference, on the first ballot, which does not usually happen. The delegates are A. G. Slicer, W. H. Barksdale, F. B. Robertson and Dr. Robert Hurt. Alternates, John Adamson and John B. Durham.

SERVICES at the Methodist Episcopal Church to-morrow at 11 a.m., and 8 p.m. Sunday school at 9:30. Preaching in the morning by Rev. Thomas Hanford, pastor, and at night probably by Rev. Dr. J. G. Bruce, of Danville. Two years ago this venerable divine preached his jubilee, celebrating fifty years in the ministry. All are welcomed.

THOMAS W. SHACKLEFORD, who has a number of relatives and friends in this city, was the salutatorian at the commencement exercises of the State College at Lexington Thursday. The Transcript says of his address: "In excellent voice and declamation he handled his subject, which was replete with excellent thoughts and suggestions. He feelingly alluded to the parting of his fellow-students, the faithfulness of the professors and the softening of their female class-mates. The close of his speech was greeted with a storm of applause. We expect to hear from Thomas in the future, as he possesses a fine mind and exceedingly popular manners and address."

EXCITEMENT IN TEXAS.

Great excitement has been caused in the vicinity of Paris, Tex., by the remarkable recovery of Mr. J. E. Corley, who was so helpless he could not turn in bed, or raise his head; everybody said he was dying of consumption. A trial bottle of Dr. King's New Discovery was sent him. Finding relief, he bought a large bottle and a box of Dr. King's New Life Pills; by the time he had taken two boxes of pills and two bottles of the Discovery, he was well and had gained in flesh thirty-six pounds. Trial bottles of this great discovery for consumption free at J. C. Pecor & Co.'s and S. P. Campbell & Co.'s, Aberdeen, O.

The health of the neighborhood is good.

Mrs. T. F. Best is convalescing, and we hope to see her out at an early period.

Tobacco is about all sold here now. About half the usual crop will be set this year. Tobacco plants are scarce in this vicinity.

J. T. Herlin was lately the recipient of a providential bounty in the form of a fine girl. Weight, eleven pounds. Mother and child doing well, thanks to Dr. Hord.

The farmers are busy now in their crops. If no preventing providence this will be a bountiful crop year here, as the crops of all kinds are looking well and growing nicely.

Cole & Dickson purchased recently of Mrs. Elizabeth Bullock and tenant their crop of tobacco of about 4,000 lbs. at \$5 per hundred. The same firm purchased of Jas. Walker his crop of tobacco at \$4.50 from the ground up.

Rev. William Morrison, of the Christian Church, is holding a series of meetings here. He is assisted by Rev. Harden, of Winchester, Ky. They have three additional up to this meeting, and another is being manifested. Baptizing Saturday evening, June 4th, at 7 o'clock at this place in Stone Lick.

"The Slough of Despondency"

in which you are wallowing, on account of some of those diseases peculiar to you, Madame, and which have robbed you of the rosy hue of health, and made life a burden to you, you can easily get out of. Dr. Pierce's "Favorite Prescription" will free you from all such troubles, and soon recall the rose-tint of health to your cheek, and the elasticity to your step. It is a most perfect specific for all the weakness and irregularities peculiar to your sex. It cures ulceration, displacements, "internal fever," bearing-down sensations, removes the tendency to cancerous affections, and corrects all unnatural discharges. By druggists.

THE CROP PROSPECTS in Fleming are said to be very promising.

The Verdict Unanimous.

W. D. Suit, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of rheumatism of ten years' standing."

Abram Hare, druggist, Bellville, Ohio, affirms: "The best selling medicine I have ever handled in my twenty years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only half a dollar a bottle at J. C. Pecor & Co.'s and S. P. Campbell & Co.'s, Aberdeen, O.

ANOTHER "COMBINE" STRIKE FOR \$15,000.

THE QUAKER CITY has several times shown the falsity that "lightning never strikes twice in the same place." Not long ago a combination of Lombard and South street railroad conductors drew \$15,000 in the Louisiana State Lottery, but the drawing on Tuesday, April 12th, has proven a still greater windfall in one-tenth of the \$150,000 capital prize, to a combination of thirteen men, employed by the firm of Goodell & Waters, machinery manufacturers, Hamilton, above Fifteenth street. Most of the members of the club, although not in want, are men of very moderate means, and the \$1,153 which each will soon receive will, no doubt, be put to good use.—Philadelphia (Pa.) THE NEW LABOR PARTY.

COMMENTS OF THE NEW YORK WORLD ON THE MOVEMENT.

The Surprising Strength Shown By the New Political Movement and the Manner in Which the Business is Being Conducted—Various Other Labor Affairs.

NEW YORK, June 4.—The World says: While the speeches of Dr. McGlynn and Henry George have attracted a great deal of attention from the general public since the surprising exhibition of strength shown by the new political party at the last election in his city, the fact that the party of which these two men are the leading spokesmen is organized thoroughly in every assembly, and perhaps in every election district, and has meetings to the number of some forty or more held every month, will surprise most people.

The business meetings do not differ widely from those of any other organization. The members are admitted, reports concerning organization and other work are made, and debate is usually lively and vigorous. In fact, there appears to be a perfect mania for debate and inquiry in many districts. Many members are so desperately alarmed lest a new machine may be constructed and new losses be evolved that it is almost impossible to carry the most trifling measure without elaborate explanation and protracted debate.

The most remarkable feature of the new movement, however, is what may be called its social side. If a member of any district association in the Democratic or Republican party were to go to a regular meeting of his organization accompanied by his wife and children his appearance would be the occasion for unrestrained movement. Yet this is precisely what the members of the new party do, and they seem to regard the custom as natural and proper as though it were sanctioned by tradition and long usage. In some districts women even participate in business meetings and take part in debate. This does not, however, appear to be the general custom. But every district association holds what it calls "entertainment" as frequently as it holds its business meetings. The members of the new party take their wives, sisters and sweethearts, and even their children, to their political gatherings, and oratory, music and recitation take the place often held by beer and tobacco as the attractions at ordinary party meetings. Drinking and smoking, by tacit consent, is practically forbidden at the Labor meetings.

A piano is almost as necessary as a secretary's table to the proper furnishing of a permanent district headquarters for the United Labor party, and this instrument is the center of attraction "entertainment" evenings.

The whole movement is one unique in our political and social affairs, and will amply repay study. That it is a serious factor in state and possibly in National politics seems certainly apparent at a glance. "The new party declares that it has come to stay," said one of its leaders yesterday. It is as propagandist and doctrinaire as the old Abolition party, and, like that, it has fortified the enthusiasm of men by the zeal and encouragement of women. It is, moreover, organized for practical political work, and is meeting the expenses of organization out of the pockets of its members, most of whom are men earning but moderate wages.

Many Miners Idle.

CHARLESTON, W. Va., June 4.—The Toliet act, passed by the recent legislature, requiring operators to pay off every two weeks instead of monthly, took effect June 1. The operators of the Kanawha and New river coal districts refused to comply with its requirements, and about one thousand miners quit yesterday and to-day in these districts. All is quiet yet, but no one knows where the trouble will end, as both operators and miners will stand firm. The operators will test the constitutionality of the new measure.

Griffiths Goes East.

CHICAGO, June 4.—Grand Worthy Foreman Richard Griffiths, of the Knights of Labor, has postponed his departure for Philadelphia, where he has been called to confer with General Master Workman Powderly, until next week. During the past eight days he has been traveling through the state, speaking nightly to local assemblies of the order and particularly counseling them against any affiliation with Socialists or Anarchists.

The Support of Thirteen.

NEW YORK, June 4.—Master Workman Morrison, of District 128, Knights of Labor, says he has received information from his thirteen local assemblies outside of this city that they are unanimous in support of the action of the district assembly. He believes the general assembly, which convenes in October next, will not endorse the general board in trying to expel the district assembly.

No Prospect of a Settlement.

PITTSBURG, Pa., June 4.—The failure of yesterday's conference between operators and strikers to agree upon a settlement of a coke lockout is regarded as fatal to all hopes of ending the strike. There are 13,000 men out, and they are likely to remain idle all summer. Great distress is unavoidable.

Coke Workers' Strike a Mistake.

PITTSBURG, June 4.—The report of Messrs. Carlton and Bailey, of the Knights of Labor Executive board, which was forwarded today, declares the strike of the coke workers to have been a mistake, advises the men to return to work, and postpone a demand for more pay to some future time.

Evicting Strikers.

NATRONA, Pa., June 4.—A deputy sheriff attempted to evict the families of five strikers but was unsuccessful, as the doors and windows had been securely locked. It is said there are 2,700 men at work in the salt works. Thirty guards are constantly on duty.

The Hero of Castle Garden.

NEW YORK, June 4.—Capt. Jack Hussey, the hero of Castle Garden, and the owner of twenty medals for saving men and women from drowning, was shot and mortally wounded just outside of O. McVee's saloon, corner of Jackson and Cherry streets at 11:30 o'clock last night by Policeman Hahn of the Delancey street station, with whom he quarreled over a trivial matter. Both men were pretty well under the influence of liquor. Capt. Hussey walked with the officers to the Governor street hospital, three blocks away. He identified Hahn as the man who shot him, and officers took Hahn to the station, where he was locked up. The doctor said Hussey would probably die, but

that if laparotomy could save him that would be resorted to. Capt. Hussey is fifty-five years old, and has saved thirty-five persons from drowning. He has a wife and four children. Hahn has been on the force one year, and was formerly a barkeeper.

Lovers' Quarrel Results in a Tragedy.

WHEELING, W. Va., June 4.—A terrible tragedy occurred at the residence of Mr. Thomas Berg, a few miles from Parkersburg, last evening. Sherman Law, a wealthy young farmer, was the lover of Lizzie, the eldest daughter of Mr. Berg, and called to see her. The lovers had a quarrel after being together about an hour and the younger sister, Mary, was attracted to the room. While she was there she effected a reconciliation, but shortly after the quarrel was renewed. Law drew a revolver and fired at Lizzie. He missed her, but the ball striking her sister in the breast. Law was under arrest.

Slavery in Kentucky.

FALUDAH, Ky., June 4.—In the city court yesterday Mollie Jackson, a white woman, was convicted of vagrancy and Judge Thomas ordered that she be sold to the highest bidder for thirty days. The sale will be made as soon as the advertisement has been issued. This is the first judgment ever made in this section, but it is not without precedent in other places in Kentucky. Judge Thomas' action has met with a great deal of unfavorable comment.

Youthful Thief and Gambler.

NEW YORK, June 4.—John J. Goodman, aged sixteen years, was arrested this morning, charged with stealing \$2,000 from the Butterick Publishing company, by whom he was employed. Goodman carried the mails of the company to the postoffice each day, and it was his custom to steal any letters containing checks or money. He spent the money in gambling.

Movements of Irish Nationalists.

ST. LOUIS, June 4.—The Republican prints letters signed J. F. P. Brodie and John F. Clancy, addressed to Scotland Yard officials, detailing the movements of Irish Nationalists in this country. The republican says the letters were obtained and furnished that paper by a prominent Nationalist who says Brodie and Clancy are British spies.

Captain Eads' Successor.

PITTSBURG, June 4.—Col. James B. Andrews, of this city, will return from Mexico soon and assume active charge of the Tehuantepec railway project as engineer, succeeding the late Capt. Eads. Thirty capitalists of Pittsburgh have \$15,000 invested in the enterprise.

Stabbed His Son.

GALENA, Ill., June 4.—William Davies, aged eighty years, a well known citizen of Galena, dangerously stabbed his son James in the left side with a pruning knife, during a family quarrel Wednesday evening. The old man was held in \$1,000 bonds.

More Passengers Than Allowed.

NEW YORK, June 4.—United States Commissioner Childs to-day held Capt. Campbell, of the steamship Circassia, from Scotland, in \$50,000 bail on a charge of having carried fifty-nine more steerage passengers than his certificate allowed.
